

The National Assessment of Educational Progress (NAEP) assesses reading in three content areas in grade 8: reading for literary experience, to gain information, and to perform a task. The NAEP reading scale ranges from 0 to 500.

Overall Reading Results for DoDEA

- In 2007, the average scale score for eighth-grade students in DoDEA was 273. This was not significantly different from their average score in 2005 (271) and was higher than their average score in 1998 (269).¹
- DoDEA's average score (273) in 2007 was higher than that of the nation's public schools (261).
- Of the 52 states and other jurisdictions that participated in the 2007 eighth-grade assessment, students' average scale score in DoDEA was higher than those in 47 jurisdictions, and not significantly different from those in 4 jurisdictions.²
- The percentage of students in DoDEA who performed at or above the NAEP *Proficient* level was 39 percent in 2007. This percentage was not significantly different from that in 2005 (37 percent) and was not significantly different from that in 1998 (37 percent).
- The percentage of students in DoDEA who performed at or above the NAEP *Basic* level was 87 percent in 2007. This percentage was not significantly different from that in 2005 (84 percent) and was greater than that in 1998 (79 percent).

Percentages at NAEP Achievement Levels and Average Score

^a Accommodations were not permitted for this assessment.

NOTE: The NAEP grade 8 reading achievement levels correspond to the following scale points: Below Basic, 242 or lower; Basic, 243–280; Proficient, 281–322; Advanced, 323 or above.

Performance of NAEP Reporting Groups in DoDEA: 2007

Reporting groups	Percent of students	Average score	Percent below Basic	Percent of students at or above		Percent Advanced
				Basic	Proficient	
Male	50	267	18	82	31	1
Female	50	279	8	92	47	3
White	47	278	9	91	46	3
Black	19	259	25	75	20	#
Hispanic	15	273	11	89	40	1
Asian/Pacific Islander	7	276	13	87	46	4
American Indian/Alaska Native	#	‡	‡	‡	‡	‡
Eligible for National School Lunch Program	#	‡	‡	‡	‡	‡
Not eligible for National School Lunch Program	#	‡	‡	‡	‡	‡

Average Score Gaps Between Selected Groups

- In 2007, male students in DoDEA had an average score that was lower than that of female students by 12 points. In 1998, the average score for male students was lower than that of female students by 8 points.
- In 2007, Black students had an average score that was lower than that of White students by 19 points. In 1998, the average score for Black students was lower than that of White students by 22 points.
- In 2007, Hispanic students had an average score that was lower than that of White students by 5 points. In 1998, the average score for Hispanic students was lower than that of White students by 7 points.
- Data are not reported for students who were eligible and not eligible for free/reduced-price school lunch in DoDEA in 2007, because reporting standards were not met. Therefore, the performance gap results are not reported.
- In 2007, the score gap between students at the 75th percentile and students at the 25th percentile was 35 points. This performance gap was narrower than that of 1998 (44 points).

Reading Scores at Selected Percentiles

NOTE: Scores at selected percentiles on the NAEP reading scale indicate how well students at lower, middle, and higher levels performed.

Rounds to zero.

‡ Reporting standards not met.

* Significantly different from 2007.

↑ Significantly higher than 2005. ↓ Significantly lower than 2005.

¹ Comparisons (higher/lower/narrower/wider/not different) are based on statistical tests. The .05 level was used for testing statistical significance. Statistical comparisons are calculated on the basis of unrounded scale scores or percentages. Comparisons across jurisdictions and comparisons with the nation or within a jurisdiction across years may be affected by differences in exclusion rates for students with disabilities (SD) and English language learners (ELL). The exclusion rates for SD and ELL in DoDEA were 2 percent and 2 percent in 2007, respectively. For more information on NAEP significance testing see <http://nces.ed.gov/nationsreportcard/reading/interpret-results.asp#statistical>.

² "Jurisdictions" refers to states and the District of Columbia and the Department of Defense Education Activity schools.

NOTE: Detail may not sum to totals because of rounding and because the "Information not available" category for the National School Lunch Program, which provides free and reduced-price lunches, and the "Unclassified" category for race/ethnicity are not displayed. Visit <http://nces.ed.gov/nationsreportcard/states/> for additional results and detailed information.
